Add-ins Office

Les nouvelles API pour Office 365

- Nouveau type d'Add-in : « Add-in command »
- Permet d'effectuer différentes actions :
 - Simple action (bouton dans le ruban)
 - Complexe : ouverture d'Add-in complet en relation avec le contenu du document / email ouvert

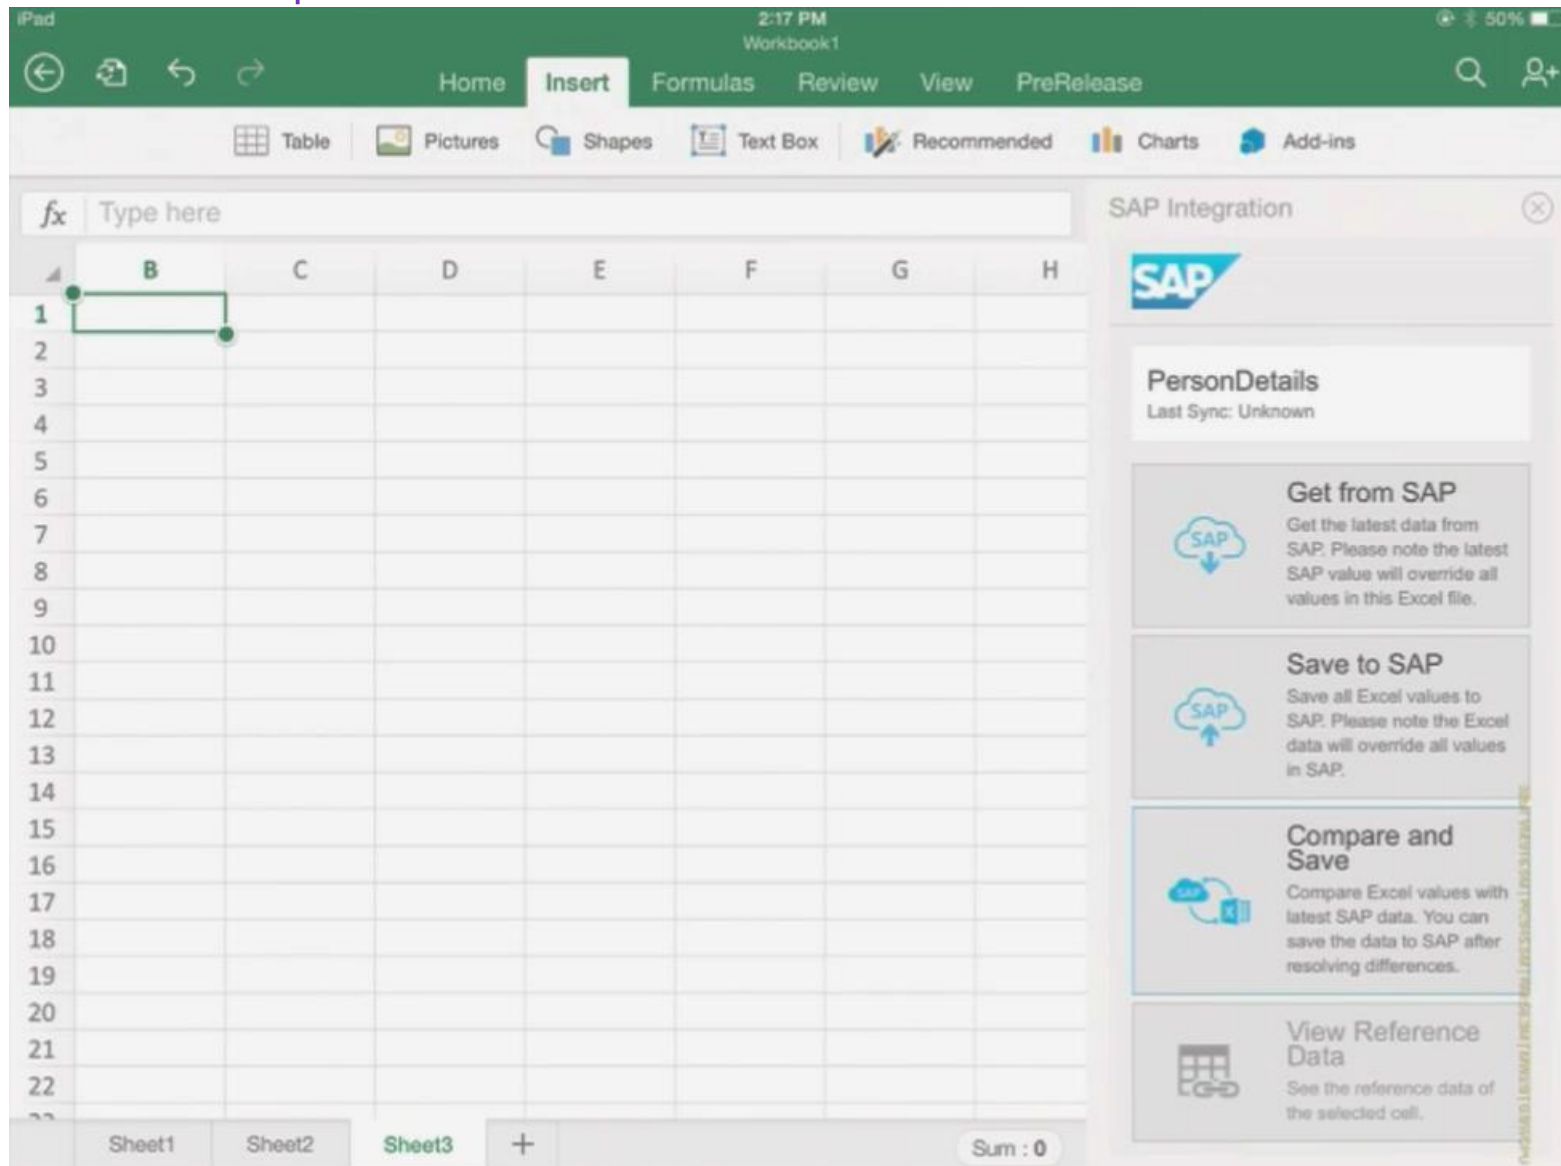

Add-ins Office

Les nouvelles API pour Office 365

The screenshot displays the Microsoft Outlook interface with the Do.com add-in integrated into the ribbon. The ribbon includes tabs for File, Home, Send / Receive, Folder, View, and a search bar. The Do.com add-in is visible in the ribbon, showing options like 'Store' and 'Do.com'. The main pane shows an email from Anne Wallace titled 'Project Falcon Financials'. The email content includes a message from Richard: 'Do you have some time to discuss the project financials? It doesn't look very good right now and I think we need to reallocate. -Anne'. The right-hand pane shows the Do.com add-in interface, which includes a 'Project Falcon Financials' section with 'Email Context' and 'Introduction' tabs. The 'Email Context' tab shows a timeline of events related to the email, including 'Richard' and 'Anne'. The 'Introduction' tab shows a list of people and their details, such as 'Lives in Dallas', 'Developer', and 'Likes to Run'. The bottom status bar indicates 'Items: 226', 'Unread: 110', and 'Connected to: Microsoft Exchange'.
